# THOMAS KIM

s353kim@uwaterloo.ca • tomskim.com • github.com/tomskim

## LANGUAGES

Competent • C# .NET / C / HTML / CSS / JSON

Familiar • REST API / UNIX / BASH / PHP / SQL

## TECHNICAL PROJECTS

One Click Weather App • C# .NET/JSON/REST API        [April 2016]
- Built an app that displays the weather info for any city in one search through fetching and parsing online weather and time APIs
- Developed the app in two frameworks: Windows 10 Application and Android

Four in a Line • C# .NET                                [January 2016]
- Created a simple "Connect Four" game that allows a user to play in two different modes: a single player mode against computer's artificial intelligence and a two player mode based on rotating turns

Personal Website (tomskim.com) • HTML/CSS/PHP    [December 2015]
- Enabled me to share my passions and display my skillsets to the visitors and future employers

## EDUCATION

University of Waterloo • Bachelor of Computer Science        [2015 - 2020]
- Major Average : 87%
- Courses: Data Abstraction, Object-Oriented Software Development

## VOLUNTEER EXPERIENCE

Office Assistant at St. Jung Ha Sang Catholic Church        [2012 – 2015]
- Organized the members' contact data and published weekly financial statements of the Church using Microsoft Excel

Cultural Tutor at Sejong Multicultural Centre                [2013 – 2015]
- Helped over 50 immigrant/native students to learn the Korean culture and appreciate their identity through organizing engaging activities.
